## Your voice is needed!

Today you can shape your Europe of tomorrow! In the context of a discussion series for young adults, you have the opportunity to contribute your thoughts on Europe, to discuss important matters or just to let yourself be inspired. In a total of three events, we offer you a forum where you can exchange ideas with other young Europeans and discuss future-oriented topics. The background to the event series is the Conference on the Future of Europe, which aims to give young people in particular a voice at European level.

We will start our discussion series on **Friday, 11th June 2021, at 6 pm** with a **kick-off event!** You will have the opportunity to express your ideas in open discussions and, together with the other participants, to decide on important topics that will be discussed in greater depth and concretised in the second event of our discussion series next autumn.

Organisers of the series are: Europe Direct Stuttgart, Education Centre Hospitalhof Stuttgart and the Ministry of State Baden-Württemberg.

You will receive all further details after **registering at [info@europe-direct-stuttgart.de](mailto:info@europe-direct-stuttgart.de)**!
